---

Lord, give me wisdom so I will be wise; To discern when things come in disguise.  
And always know when it is of Thee.  
Wisdom, Lord give to me.  
Wisdom was with You from the start.  
You and wisdom have never been apart.  
So let Thy wisdom from me flow, That I might help others grow.  
Wisdom is of old,  
And is far more precious than silver or gold.  
Wisdom will do everything it can, To bring God's best to man.  
Wisdom goes back far before time; The creation You helped design.  
The earth, the heavens and things great and small; By wisdom, You created them all.  
Make wisdom part of your daily life. Live by wisdom and free from strife.  
For wisdom there is no price; But it will give you good advice.  
You are given wisdom to get wealth; And to know what is good for your health.  
Keep wisdom close to your breast; And God will take care of all the rest.  
If any lack wisdom, let him ask. It will be given to do God's task.  
With wisdom you will surely reap; And on you, good things God will heap.  
Thank You for the wisdom You have given me; And in all things I will glorify Thee.  
To be all that I can be,  
So I can hear, "Well done!" when I stand before Thee.
