

Time Out- Pray

Is there just a few minutes you could give and pray?
God loves to hear from you each and every day.
It is easy to pray as you go on your way, But take a little of your own time and pray.
Is praying such a chore for you to do?
Jesus took time out of His busy life for you.
Can't you spare a few minutes of time in prayer to Him?
In prayer, it keeps our light from growing dim.
We think there is so little time in a day, but so much to do.
Just ask Him to help; He will make a little time for you.
Then you can go into your closet and pray.
I believe you will have a better day.
Do you have time on the weekends to pray?
Why not take just a few minutes of that time to pray?
He will listen to what you have to say,
Because you took a few minutes of your own time to pray.
I, myself, know the hustle and bustle of living.
We must also take a little time for giving.
The Lord sees all those things you have to do.
But He wants a little of your time, too.
Lord, forgive me for not taking more time for You.
You did so much for me, things I could never do.
I must take the time to pray, this I know And find the time; to me You will show.
He took time out of His life to die for you, He did for you what no one else could do.
So take a few minutes for Him and say,
I am going to take a few minutes now, and pray.
