Our God, hope of salvation,  
In my life You made a great transformation.  
My sins kept me bound, Until deliverance in You I found.  
Christ said, "I am the way.  
Come and I will give you life today.  
I came and brought you truth.  
Serve me now in the days of thy youth.  
I am the resurrection and life.  
Come; rid yourself of sin and strife. I came to earth and brought it light.  
All over the world it is now shining bright.  
Enter in I am the door.  
You will find salvation and so much more.  
I am the true vine.  
Come and drink of the new wine.  
I am thy high tower.  
I give to you grace and power.  
I am thy buckler and shield.  
Your life to me yield.  
I am the chief corner stone.  
When I came the people should have known.  
The stone the builder's rejected, Is the one they should have selected.  
I am the bright and morning star. I died, in my side shows the scar.  
I am the one the prophets said would come.  
Yes, I am the one."
